### About the Instructor

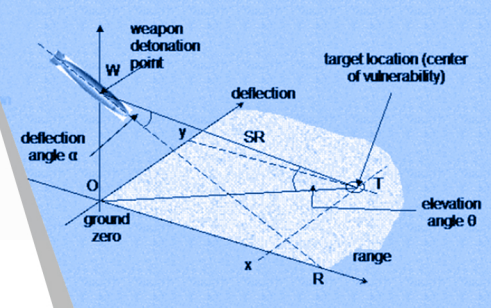

**Dr. Driels** is Emeritus Professor of Mechanical & Aerospace Engineering at the U.S. Naval Postgraduate School in Monterey California, and worked with the JTCG/ME on a variety of topics in support of the JMEM for over twenty years. He taught a Weaponneering course at NPS and has taught this short course to a wide range of industrial and military audiences. His textbooks "Weaponneering: Conventional Weapon System Effectiveness", and "Weaponneering for the Warfighter" stand as the few published works on this topic.
